

Dear Friends,

Immigrants and Asylum Seekers may be coming to KC for a few days not too far into the coming weeks or months.

These Immigrants and Asylum Seekers will have been cleared by Border Patrol Authorities and are able to move on to a family member or friend in the US. They would be in Kansas City for a few days as they develop their plan for going forward and make contact with a family member or friend who will accept them as they pursue their case in Immigration Court.

We can welcome Christ in the Stranger. This is a broad *community* effort. Please consider your response. [You can just circle your interest and add your contact information - or you may go online to rossbeau@gmail.com or call 816-560-4473] Please see the other side....

THANK YOU!
