

**Intercessions**  
**The Resurrection—April 8-9, 2023**

**Cantor: Hear our prayer, hear our prayer...**

- For the whole Church: That we may understand what it means to viably witness to the Resurrection—in both its joys and its burdens. *We pray,*
- For those who do not believe or who see life differently; and for the ability to accept others, regardless of their beliefs. *We pray,*
- For those who struggle to believe—who carry heavy burdens that contribute to doubt. *We pray,*
- For all who sustain life in others through research, medicine, counseling, physical protection or hands-on care. *We pray,*
- For those responsible for making decisions that diminish or enhance the quality of life...or impact life itself...for all living creatures. *We pray,*
- For all in need in this Resurrection community; for all who are about to enter eternal life, those who accompany them, and those who have died. And for those we seek to serve in this sacred corner of the city and beyond. *We pray,*
- We bring our own cares and concerns to the God of life, asking that we may be People of Life wherever we are needed (*pause*).  
*For all these things, we pray,*
