Don't miss your chance to participate and apply for utility assistance.

KICK-OFF EVENT

Monday April 24th

8:00 a.m. to 5:00 p.m.

**KC Water Administration Building
4700 E 63rd St. Kansas City, MO 64130**

Eligible customers may qualify for up to \$1250 in assistance toward their past due KC Water bill.

Ways to Apply

Complete your application online at <https://maacihwap.org>

Print the application and bring it to the kick-off

Pick up a paper application from KC Water lobby at 4800 E. 63rd St.

During this event, KC Water will work with KC residents who:

- Have an outstanding account balance of \$350 or more.
- Are in danger of having their services shut off.
- Are currently without water services.
- Were previously denied water services in their name due to an outstanding balance.

RESERVE YOUR SPOT

816-513-0125

Due to anticipated event attendance, a limited number of walk-ins will be accepted.

Can't make it? Call 816-513-0125 to schedule an appointment or to speak with a representative.

Partnered with Kansas City Health Department and 311

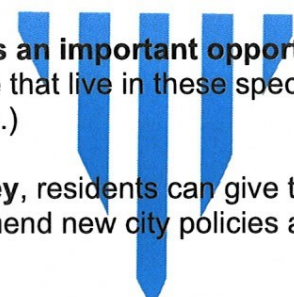

Quality of Life Urban Report Resident Survey

The City of Kansas City, Missouri's Civil Rights and Equal Opportunity Department/CREO (former Human Relations Department/HRD) is conducting a **Quality of Urban Life (QUL) Survey** of residents of these zip codes: 64126, 64127, 64128, 64129, 64130, and 64132.

Please take the survey online:

<https://forms.office.com/r/M0mtTwe7Dt>

Participating in this survey is an important opportunity for residents to be heard. (This survey is **ONLY** for those that live in these specific zip codes and is not for property owners or businesses.)

By participating in this survey, residents can give their feedback, offer opinions, mention concerns and recommend new city policies about City services and functions that affect their quality of life.

- The City's Civil Rights and Equal Opportunity Department/CREO is under the leadership of Andrea Dorch, Director.
- The QUL Resident Survey input will be incorporated into CREO's upcoming **Quality of Urban Life Report**.
- The QUL Resident Survey input may lead to recommendations that CREO will provide to the Mayor and City Council.
