

Intercessions
Solemnity of the Body and Blood of Christ—June 11, 2023

Cantor: Hear our prayer hear our prayer....

- For the whole Eucharistic church: That we may strengthen our commitment to build a just, peaceful human community. *We pray,*
- For all people caught in the world's food crisis—those living in food deserts; those struggling with high food prices and diminishing supply. For those who buy too much and eat too much. *We pray,*
- For those whose work of feeding others has been endangered due to the economy or global warming: for farmers, grocery store workers and restaurant owners; cooks and wait-staff; meat packing workers and day laborers. *We pray,*
- For all the world's parched places, subject to drought, growing deserts or increased wildfires; and for a unified commitment to acknowledge and address global warming. *We pray,*
- For the awareness that our participation in the Eucharist extends far beyond this Table and this place. *We pray,*
- For all in this community who are in any kind of need; for those who cannot be with us at this Holy Table; and for those we pledge to feed and serve through our parish ministries. *We pray,*
- We pray now for our own concerns and for the grace to remember that we are one body in Christ (*pause*). *For all these things, we pray,*
