

Summary of Parish Community Meeting, January 19, 2025

Please feel free to view the recorded meeting at
<https://stjkc.org/all-parish-meeting-video-recording-12-15-24-2>

After prayer by Father Don and reading of our current mission and vision by Martha Belker, Bill Cordaro reviewed the story of how we came to the transition team and the community consensus from last month's parish wide meeting to move forward with a parish led model of church. An update on the search for our Parish Organizer (see attached), an overview of our approach and planning process as a transition team, and a Stewardship Update followed by Martha. A financial report drawn up by our bookkeeper, Donna Arnone, was presented by Dan Nash with a more detailed report to be distributed in February. Diane Etzel-Wise distributed the document "What is the role of St. James community members?" (attached) Two possible organizational diagrams (attached) were sketched by Diane and displayed on the easel. During the meeting, we recorded questions on the Parking Lot flip chart and reviewed at the conclusion to ensure we had addressed each issue / concern that was raised during the meeting. Parishioners had the opportunity to give written feedback about

1. What concerns remain? And
2. What suggestions for improvement to the process do you recommend?

You can still submit your comments / reach out to the Transition Team members at the following contacts:
