

## Manos Amigas update for bulletins

Mother's Day and Father's Day celebrations for the elderly were a success. Manos Amigas provides the supplies and financial support for these events. The families and youth in Anapra plan and implement the celebrations. They receive as much (if not more) joy than the elderly. We are blessed to be able to provide this opportunity to give and receive for the community in Anapra/Poleo.

Return of Vacation Bible School: The team in Anapra/Poleo decided to try VBS again for the first time after Covid. It is a trial to see if we should continue next year and beyond. It will only be one week in July in a new location at a different time for 2.5 hours in the evening at the library. Parents and youth in Anapra will staff the activities. The curriculum is complete and daily crafts are planned and on their way to Anapra. Please pray for clear answers for the future and blessings for all the participants. Watch for photos in a later bulletin and on the Manos Amigas facebook page.

Thank you to everyone who donated used school supplies. They will be put to good use in Anapra and not go in landfills. This is a win-win situation!
